Get Your Skates on... For the Coolest Outdoor Rink in the City

Saturday 21 November 2009 – Sunday 10 January 2010

With one of the most beautiful skating settings in London the awesome battlements of the Tower of London provide a magnificent backdrop for another ice-cool skating season. Feel the cold tingle of London's crisp winter air, listen to the music, and take in the incomparable surroundings as you glide (gracefully or not so) around the rink in the moat of one of London's most iconic landmarks. Whether you pop along with friends during your lunchtime, plan a romantic date or decide to make a day of it at this world-famous fortification, the Tower of London Ice Rink is one of the coolest locations for winter fun with a group of friends or a festive family gathering.

It's never too early to book your session and advance bookings are highly recommended as skating sessions around Christmas and the New Year dates sell out fast.

Situated in the dry-moat beneath the fortress of the Tower of London, the real-ice rink offers the chance to skate in a truly unique setting on the banks of the River Thames. So grab a hat, gloves and scarf and take time out of the hustle and bustle of London to experience skating under the battlements by the Thames.

Ice Guides, Group Bookings and Corporate Hire are available – please visit the website for full details www.toweroflondonicerink.com

The Ice Rink Café alongside the ice rink (no entrance charge) will be serving warming drinks and festive snacks for those wishing to relax after their skate or whilst watching others take to the ice.

For all press enquiries, please contact Gudrun Allsobrook at PWR on 020 8241 2365 or email goody@pwrevents.com
